

The Electronic Medical Revolution!

September 10, 2010 12:30 pm to 2:30pm

Greater Columbus Convention Center

Purpose - To create stronger forward momentum for the creation and use of timely, effective electronic health innovations.

Objectives -

By attending this 2 hour presentation you will be able to:

- 1. List how information technology will aid the practice of primary care.**
- 2. Cite the importance of electronic medical records, and various factors to take into consideration when making a selection.**
- 3. Identify consumer side driven future changes in caring for clients using mobile technology, e-health, home monitoring devices.**
- 4. List all three of the previous objectives as a part of a future electronic medical age.**

This activity has been approved by the Ohio Nurses Association (OBN-001-91) for two contact hours. The Ohio Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation

In order to earn 2 contact hours, you must sign in, attend the entire event and complete the evaluation form.

This presentation, its presenter and planning members are free from conflict of interest.

There is no commercial influence to endorse any particular product.
